

Meet Our Family

Since 2000

It's amazing the impact a simple remark can have. "What you really need to do is start one of these in Webster" were the words spoken to Dave by the Director at Pines of Peace when he was volunteering there. He took those words to heart, and Webster Comfort Care Home is the result. From the very beginning...its concept, then its possibility, and finally its reality...WCCH has been a big part of Dave and his wife, Kathy's, lives. *24 years of commitment, compassion and character speaks for itself. **When you're part of Webster Comfort Care Home, you're part of a family.***

Transitioning from planners to Board Members to, now, weekly volunteers, these have been markers in our own lives. *When the time comes to transition once again, perhaps even one day as residents, WCCH will always bring joy and gratitude to our hearts.* And that joy and gratitude is made even larger because of good people like you—the reader—without whom this place would still be just an idea.

Gratitude

Danny and Carol Drechsler, husband and wife, transitioned at WCCH about 6 weeks apart. Caring for this family, in the truest sense of the word, was an honor and privilege for everyone involved. **Their story is just one example of the amazing work your gift supports.**

“Navigating the end of life for both of our parents was the most difficult thing we’ve ever done as a family. Hospice is a scary word for a lot of people, and we were no different when we heard our dad was at that point.

We all naturally wanted him to live his last days at home, but we also worried that it would be quite difficult for us. Could we take the best care of him? Is home the safest environment? Will he feel alone?

WCCH not only took thoughtful care of him but also provided the best environment for us and the many people he wished to spend time with during this last chapter. We felt relieved as they graciously invited us to make their home our home.

It truly felt like our ‘Heaven on Earth’.

Just a month later, when we (somewhat) unexpectedly began a similar heart-breaking chapter with our mom, the staff and volunteers welcomed us again with open arms. They are knowledgeable, compassionate and so very kind; they provided invaluable support, and they are there because they want to be.

The Webster Comfort Care Home and all the incredibly wonderful people who are a part of it made our lives richer, our memories fuller, and will always hold a special place in our hearts. We are forever grateful. 🍷
